

## **ACCESSIBILITY PLAN 2015-2018 (formerly known as the SENDA Plan)**

This Accessibility Plan covers the period from September 2015 – August 2018 and follows on from the previous plan that covered the period from September 2012 to August 2015.

Under schedule 10 of the Equality Act 2010 the School is responsible for preparing an accessibility plan. In addition, the School, as an education provider must make “reasonable adjustments” to ensure that SEN/disabled students are not discriminated against. The Equality Act notes that reasonable adjustments could include changes to practices or procedures, changes to physical features, changes to academic assessment and providing extra support and aids. The School is not expected to change its premises but is expected to make long-term plans for improving access to its buildings through its planning duties.

Chetham’s School of Music is committed to providing a fully accessible environment which values and includes all students, staff, parents and visitors regardless of their educational, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

The School recognises its duty to ensure that less favourable treatment should not occur in the following areas:

- application and recruitment procedures for staff and students, including student auditions
- curriculum
- teaching and learning
- timetabling, classroom and School organisation and setting
- homework/prep
- interaction with peers, school clubs/extra-curricular activities
- assessment and exam arrangements
- pastoral care, School rewards and sanctions
- preparation of students for their next phase of education
- health and safety of students, staff and visitors.

The School plans, over time, to increase the accessibility of provision for all students, staff and visitors to the School. The Accessibility Plan will contain relevant actions to:

- Improve the extent to which students with disabilities can participate in the School’s curriculum. This covers teaching and learning and the wider curriculum of the School such as participation in leisure and cultural activities or School visits. It also covers the provision of specialist aids and equipment, which may assist these students in accessing the curriculum.

- Improve the delivery to disabled students of **information** which is readily accessible to students who are not disabled. Examples might include handouts, timetables, textbooks and information about the School and School events. The information should be made available in various preferred formats within a reasonable time frame.
- Improve the **physical environment** of the School for the purpose of increasing the extent to which disabled students are able to take advantage of education and benefits, facilities or services provided or offered by the School. This covers improvements to the physical environment of the School and physical aids to access education and takes account of the New School Building which is accessible for disabled users.

Attached are Action Plans, relating to these key aspects of accessibility. These plans will be reviewed and adjusted on an annual basis. New Action Plans will be drawn up every three years.

We acknowledge that there is a need for ongoing awareness raising and training for staff and governors in the matters of discrimination and the need to inform attitudes on this matter.

It will not be feasible to undertake some of the works listed in the Action Plan for physical accessibility during the life of this Accessibility Plan and therefore some items will roll forward into subsequent plans. The School carried out an Access Audit during 2015 that has informed this Plan. The Audit will then be revisited prior to the end of each three-year plan period in order to inform the development of the new Plan for the following period.

The Plan will be monitored by the Governing Body on an annual basis.

The Plan will be scrutinised by ISI as part of their inspection cycle.

AK time to review and update communication channels as needed	Provision of enhanced written information in various formats when required for particular purposes to suit individual needs (e.g. coloured versions for particular processing needs, enlarged versions for visually-impaired needs)	September 2015 - July 2017 This is ongoing and via routes such as Access Arrangements academic and music exams – e.g. extra-time for processing.

**Chetham's School of Music School Accessibility Plan 2015-2018**  
**Improving the Physical Access**

<b>Area</b>	<b>Activity</b>	<b>Lead Person</b>	<b>Resource implications</b>	<b>Timescale</b>	<b>Success criteria</b>
School Entrance	Improve the access over the cobbles through the arch and round to the New School bridge by removing cobbles and replacing with flagstones.	Feoffees of Chetham's Hospital/Bursar	A detailed budget is being prepared by the Project team. The physical work will be carried out by external contractors and is expected to be in the region of £20,000.	The timescale is dependent on the availability of funding.	A smooth pathway will be available for use by wheelchair users and others with limited mobility.
College House	A temporary ramp has been purchased to be used at the front door to College House to allow wheelchair users to access the Head's, Bursar's and Admin offices.	PMc	£500 for equipment to be paid from the School's maintenance budget. The work was carried out by the School's maintenance team.	Autumn term 2015. COMPLETED	Wheelchair users and others with limited mobility will be able to more easily access the offices in College House.
College House including the Library/Compensatory Education	Physical access to the Library/Compensatory Education area would not be possible for wheelchair users. An action plan has been prepared to show how access to the resources provided by the Library and Compensatory Education Department can be achieved if students cannot physically access the area.	BLO/GW	Staff time to produce the action plan. Possible financial implications once the action plan is produced include equipment and staffing costs.	Action plan to be drawn up during the Autumn term 2015 for implementation as required. COMPLETED	An agreed and costed action plan will be produced and the necessary actions will be carried out to allow all students to access the resources of the Library and Compensatory Education Department.
Millgate and Nicholls Building (Boys' House and Victoria House and Dining Room)	The School's aim is for work to take place over the next five years to upgrade the boys' boarding accommodation in the Millgate Building and to install a platform lift to Victoria House and the Laundry (when the Laundry is relocated). This work will take account of disabled access including fully accessible bedrooms for SEN/disabled students in Boys' House.	Feoffees of Chetham's Hospital / Bursar	Stage D plans are available for this phase of the Site Development Project and planning permission has been granted. The overall budget this phase is £3 million, of which the accessibility areas are a part. The installation of the platform lift is costed at £50,000 and plans are at a final stage. The work may be funded from the Site Development Project Fund.	Contracts for this part of the Site Development Project are yet to be signed. No date has been set for the work but when started will take 18 months.  The platform lift will be installed when the Laundry is relocated, as funds allow.	A platform lift will be available for use by wheelchair users and others with limited mobility.  Boys' House will have a number of fully accessible bedrooms for SEN/disabled students.

Drama classrooms and studio	<p>Physical access is not currently possible for wheelchair users and very difficult for those with mobility issues.</p> <p>Estates budgets are under consideration with a view to making access possible as follows:</p> <ul style="list-style-type: none"> <li>• ideally, two stair lifts or lifts would need to be installed to allow access: from the yard to the lower level; and, once inside the Drama Studio, from the floor space to the staging area</li> <li>• ideally, three ramps would need to be installed to allow access to: the Drama Studio; once inside, to get to the floor space; and, once inside the Classroom, to gain access to the rehearsal space</li> <li>• alternatively, lessons to be taught in another suitable space by converting an accessible classroom into a 'black box' space with lighting and sound equipment, suitable for practical performance.</li> </ul>	SN	Considerable budget implications.	No dates have been set for this work.	Accessibility of Drama activities for all students.
Outside areas	Lighting on the playground to be improved.	PMc	Estimated at £5,000 and to be funded from the School's annual maintenance budget. The work will be carried out by the School's maintenance team.	Academic year 2016/17	The lighting on the playground area will improve the safety of all, including those with visual impairments.
General	Installation of high contrast steps and accessible signage across the School site in appropriate areas.	PMc	Audit of site and signage required – staff time. Estimated cost of implementation £5,000 to be funded from the School's annual maintenance budget. The work will be carried out	Audit was carried out during 2015. Work has commenced and should be completed by August 2017.	All higher risk steps will be high contrast to aid those with visual disability or mobility issues.

			by the School's maintenance team.		Accessible signage will provide those with visual disabilities with clear directions.
Organise classrooms to promote the participation and independence of all students	Review and implement a preferred layout of furniture and equipment to support the learning process in individual class bases, performance/practice rooms and examination halls	BLO	Comp Ed staff to review layouts in addition to existing support provision; and to review Access Arrangements, e.g. soundproofed exam room; domestic staff to move classroom furniture/fittings as appropriate	Lessons accommodate the needs of individual students thereby increasing access to the curriculum	September 2015- August 2017 Ongoing – e.g. students with ADHD to have optimum seating to avoid classroom distraction.
