Students hours of learning for Maths are often less than that given in many other Schools therefore every second of learning time counts.

Although there is no academic test to enter Chetham's, students are generally well-motivated and classes rarely exceed 20 pupils. Differentiation is key to improving the achievement for all of our Students. We also have a number of overseas students with EAL, your skills of teaching differentiated material and sharing this with colleagues will be essential to improve the department.

Within the new School building there are three Maths classrooms on the main academic floor. In addition there two I.T. rooms each of which have a number of workstations. All classrooms have Projectors and whiteboards. All staff and Students have access to email and internet.

The post is full-time with approximately 20 hours of classroom teaching, in addition to which you will also be expected to participate fully in the life of the School. This will involve being attached to a tutor group, taking the primary responsibility for a group of students. You will be expected to attend major concerts and other School
